Heating System Certification

Contractors Name _____ Phone # _____

Address _____

THIS IS TO CERTIFY THT A QULIFIED TECHNICIAN EMPLOYED BY THIS FIRM HAS CARFULLY
INSTECTED THE HEATING SYSTEM OF THE DWELLING LOCATED AT:

Inspect Address _____

- () Tested existing heating unit under operation conditions for worn, defective and missing parts; including all lines, ducts, thermostats, fuel tank, convectors, radiators, valve, grilles, gauges, registers, fitting, dampers, and flue. Checked for gas leaks (Carbon monoxide and Sulphur dioxide). Flue meets code and clearance requirements for this type of heating unit.
- () The system is properly installed and is in good and safe operation condition, and with normal maintenance it is reasonable expected to continue to do so. The system is capable of providing at least 68 degrees inside temperature when outside is at zero degrees.

ALL SYSTEMS SHALL BE LEFT PROTECTED AGAINST FREEZING IF THE HEATING SYSTEM WILL BE
DE-ACTIVATED UPON CONCLUSION OF THE TESTS.

- () Check here if the above system was not in good and safe operating condition at the time of the inspection and itemize below all parts and/or replacements which were necessary to put in good and safe operating condition, including any repairs of the system.

I further certify that I have no interest, present or prospective, in the property, buyer, seller, broker, mortgagee or other party involved in the transaction. I further certify that I am authorized to execute this certification on behalf of the company listed below.
